

RACHATA TIYAWUTIROJANAKUL

Dear Sir/Madam

My name is Rachata Tiyawutirojanakul and I am a 25-year-old architect with two years of experience working in Thailand. I am currently studying in Sydney on a student visa and I am looking for a position in architecture and interior design.

I graduated from King Mongkut's Institute of Technology Ladkrabang with a Bachelor's degree in Architecture. Over the past two years, I have been working as the head of architecture for the Klay Architect team, a group of passionate architects and designers. During this time, we have completed more than 10 projects, including resorts, homestays, cafes, offices, and residential projects, as well as interior design work. You can view all of these projects in my portfolio, which is attached to this application.

I believe that my skills in time management, problem-solving, and design make me a valuable asset to any team. I am passionate about this profession and I am eager to continue learning and growing in my career.

Thank you for considering my application. I look forward to the opportunity to be a part of your team.

Your sincerely

Rachata Tiyawutirojanakul
