## Personal Summary

A highly motivated junior interior designer with excellent conceptual design skill and enthusiastic passion.

Talent in several design skill especially in interior presentation, critical thinking, creating conceptual framework and developing design into the final product. Please to obtain new knowledges, to gather more experience and to cooperate in teamworking.

Always look for challenge especially from interior or any design competition.

Able to work on construction site and also able to work under the pressure.

Seeking for opportunity to be part of international interior firm in junior interior design position which will make best use of my existing my personal and professional development.

## Education

I'm a fresh Graduate of the undergraduate program of interior design at the King-mongkut's university of technology north, bangkok. (2014-2018) GPA. 3.07
