SUMMARY

4+ years experienced Interior Designer, 1+ years experienced Consulting Architect. highly skilled in 2D & 3D Designing software. From my personal experience, I have an interest in construction activities, design & planning process. I always try to be technical and think about how the new forms will actually function. I am capable to work as a load-bearing column independently as well within the group also. I think your firm will help me to shape into a better architect.
