Adobe After Effects ----- Beginner  
Blender ----- Beginner

### LANGUAGES

Turkish ----- Native or Bilingual  
English(TOEFL) ----- Advanced  
Spanish ----- Pre-Intermediate  
Korean ----- Elementary

### ABOUT BACKGROUND

I'm an animal lover and I like to be intertwined with nature. I have a vast knowledge of books and films, and they become the elements that shaped my view of design.

Since I grew up in a multicultural environment, I can easily adapt to different environments and situations.

Because each semester at my university lasts three and a half months, I am used to working at an intense and tight pace from the very beginning.

### WORK EXPERIENCE

Sept. 2021 - Dec. 2021

#### ○ Interior Architecture Intern

KA.BA Conservation of Historic Buildings and Architecture Ltd.  
/ Turkey

I did my last internship with the country's significant companies in restoration to see different areas and feel from the field I am interested in. I have observed and contributed to the **formation process of buildings** by working one-on-one with experienced architects and learning **detailed solutions specific to space**. During my internship, I was in almost every phase of projects

Jan. 2021 - April 2021

#### ○ Student Assistant

TOBB Economy and Technology University / Turkey

I was chosen to work as an assistant. During my assistantship, I helped students by giving lessons on many subjects, especially **Sketchup, Photoshop** and **Lumion**, in addition to assisting my professors one-on-one.

May 2020 - Agus. 2020

#### ○ Internship Project

TOBB Economy and Technology University / Turkey

I worked with two university professors on two separate projects.

My first project was a **Augmented Reality (AR) Software and UI Design project**. The aim of the project is to assist design students in distance education.

The article **From Objects of Sensation to Objects of Thought: Construction of the Space & the Text**, which I wrote with my professor was entitled to be presented at Generative Art 2020 Congress.

May 2019 - Sept. 2019

#### ○ Social Awareness Project "1 Pati 1 Aşk" ("1 Paw 1 Love")

Turkey/Ankara

I worked in a project to help street animals by selling merchandise and providing them with food shelter and vaccination.

## EDUCATION

AUGUST 2017 - CURRENT

### TOBB University of Economics and Technology /Interior Architecture and Environmental Design

I completed one year of English preparatory education at TOBB University of Economics and Technology in 6 months. I started the 2018-2019 academic year as 1st Year 1st Semester. In April 2022, I received my 3rd prize with the office project I designed for Lazzoni Furniture and completed my final project.

## ADDITIONAL ACHIEVEMENTS

### TOBB University of Economics and Technology/ LAZZONI Furniture Office Design

As a graduation project, I designed an office for LAZZONI Furniture. The project I made was deemed worthy of the 3rd prize by the company and professors.

### XXIII Generative Art Congress - GA2020 / From Objects of Sensation to Objects of Thought: Construction of the Space & the Text

The article "From Objects of Sensation to Objects of Thought: Construction of the Space & the Text", which I wrote with my professor was entitled to be presented at Generative Art 2020 Congress.

### Eastern Mediterranean University/ 9th International Design Week

In addition, I was invited to the 9th International Design Week and my project on Stop Motion Film Workshop which I prepared for the basic design course final was exhibited, and I attended the workshop held.

### TOBB University of Economics and Technology/ DURUKAN CONFECTIONERY Resting and Co-Working Area

A co-working and resting area project for the employees of the Durukan Confectionery company, which I did in the studio class of the 4th Grade 1st semester, was selected among the other projects and was entitled to be implemented after making revisions.

### TOBB University of Economics and Technology/ 17th International Interior Architecture Student Meeting

I have been in the committee that organized the 17th International Interior Architecture Student Meeting and provided the students to meet with the successful and prominent people in the field.

### Üçgen Temel High School / Possibility and Realization of Sustainable Cities

I became a finalist with an essay I wrote for an international competition on the possibility of sustainable cities. I wanted to create awareness in my environment and myself by writing about this topic.
