

Chisnucha Poolthaveetham

architect /designer

About

Chisnucha Poolthaveetham is an Architecture student at Silpakorn University from Bangkok, Thailand, where she grew an interest in people, city and social movements. She believes that people with creativity can improve and create new things for society.

Now searching for all opportunities to be a part of all architect firm as a **Junior Architect** which will develop my existing skills and also experiences in another perspective of architecture.
