Dear Sir/Madam,

**RE: ARCHITECTURAL DESIGNER/ INTERIOR DESIGNER**

I would like to express my interest in your company.

My name is Harry Tia, I am graduate from UCSI University, with **Bachelor of Science Hons in Architecture**, 2019 graduate year. Moreover, I am also a graduate of **Diploma in Architecture**, year 2017 from TARUC.

Throughout the journey of my study, I have always been active and participating architectural activities from my school **architecture programmes** and **PAM events/seminar**. On my final year project, my work was recognised by my lecturers, and I have got a certificate for 2nd place in a design competition for Religious Communal Hub in Nilai. To summarise, I enjoyed and fulfilled the hardship and opportunities to explore different things in architecture.

**My area of interest:**

- Architecture, interior design, landscape, masterplan.
- Project management, site supervision, contract management.
- Technical aspect; authority submission, tender drawing, C&S, detailing.
- Business administration, paperworks, minute of meetings, liaise with client/ consultant etc.

**My work experience**, in 3 architecture firm:

- **URBNarc Pte Ltd, Singapore**, as an architectural designer for 3-months.
- **John Lim Architect, Kuala Lumpur**, as an architectural intern for 3-months.
- **SAA Architects Sdn. Bhd., Kuala Lumpur**, as an architectural intern for 7-months.

**My ability & skills**, throughout study and work:

- Wide range of **software skill**; 2D drawings, 3D drawings, rendering, graphic presentation, and Microsoft offices.
- **Design and technical skills** needed for architecture, interior, and masterplanning.
- Involved in spans of **21 projects**; include high-end hospitality, residential, hotel masterplanning, mixed-use development, healthcare, industrial, commercial, township masterplan & interior design.

As a junior designer, by having the opportunity to be support & assist my senior architects and designer on projects was my biggest accomplishment. Each projects that are completed is a dream come true. However, I am also ready to take up challenges and responsibility to run a project and be ready to discuss for solution if questions arises.

With my experience, I believe I can be a valuable addition to your company.

I look forward from hearing from you! Thank You.

Best Regards,  
Harry Tia
