## About me:

I am a graduate from Master of Architecture at RMIT university, with an optimistic ambition to improve the urban environment and connections that benefits the wider society through architectural design. With 5 years of exposure in design projects, I have built an understanding of design and urban planning. I'm highly passionate in stretching my boundaries for design, and an enthusiastic learner who is always open to explore new skills and enjoy collaborating in a teams.

## Interests:

Urban & street photography

Leather crafting

Home brewing

3D printing
