📍 Bangkok, Thailand

## Professional Goal

To attain an architecture or design position that focuses in a wide range of projects on contextual and contemporary work serving diverse users; connect people and spaces, whilst accounting for sustainability and environmental impact.

[Open-minded, work hard, creativity, truthful, flexibility, equality, work-life balanced, organised, time and self management, teamwork, attention to detail, enthusiastic]

## Experience

### Assistant Interior Designer

Krabi, Thailand

May 2021 - August 2021

Reference: Supisara Pupunwiwat [supisara\_bream@hotmail.com]

Assisted with the interior design of a newly-built home, from concept to execution

- Working closely with the client to understand how they will use the living spaces whilst designing and visualising the style they desire
- Interior design of living spaces: bedrooms, living room, bathrooms, kitchen
- Designing the built-in furniture by adjusting the scale and spec to fit the use of the client
- Provide meeting minutes and written reports to the client and the contractors
- Contact contractors and suppliers, prepare material samples based on colour and quality for client review
- Site inspection to check defects and confirm solutions with the general contractor

### MSA Stage 3 Degree Show Committee, 2022

Curatorial and Site Model - file prep on Illustrator for laser cutter
