

CHING YUAN, YANG

INTERIOR ARCHITECTURE

Personal Statement:

My name is ChingYuan-Yang, who completed 5 years interior architecture Bachelors degree from KMUTT SOA+D campus in Thailand. A guy who love travel and exploring into a new world of interior architect. Experiment and searching for the new perspective of living, and tried to find out the final solution that what people really want.

During each improvements, I found that I am quite interesting into art, nature and unique structure of forms and shape. Which inspire me to search possibility of unique design.

But at the begining, when I study at Regent's school, I was trying to improve on my English language and discover that what kind of subject that I really interest. Later on, I found that I am quite interesting into art, nature and some special structure forms. Which lead me forward to design. During the IB, I selected both of subjects(Art & Design) to study further. After I graduated, I knew that Thailand has a very nice and potential in term of design. Therefore, I choose to continue my study the interior architect course at KMUTT SOA+D.

After graduated, for me, now is the time to move on for my next step, to explore and to be creative on everything I see.

"There are always have creation waiting to be creating, no matter they are Interior, Architecture or Landscape"

Transfer Skill:

-Communicate and Team work

During the teamwork and work shop activities, I always participate, and help the team to solve the problem.

-Be creative

Sometime I always try to think about some new technique and form to create a new type of design.
