Location: Uttarakhand, India    Email: j.negi1999@gmail.com  
Nationality: Indian    Contact: +91- 8979373456

## Hello!

I am Jayant Negi, a recent graduate from the School of Planning and Architecture, New Delhi, India. With my roots strengthening deep into culture and diversity, architecture, to me, has become the perception of the world- the ideation and the creation of better and livable spaces. It's something that lets me explore beyond and adds depths to my understanding. I constantly try to curate and bring the pieces of design to a palette, while seeking inspiration from the works that have brought a positive change in our surroundings.

I hope you cherish my work and provide me with an opportunity to expand my horizons. I look forward to hearing from you and thank you for your consideration.
