ABOUT ME

Hi!

Pattranun Bunyanund is my full name, but I am generally known as **Vicky Pb.**

I am an energetic person who is eager to learn about all the new experiences the world has to offer. Yet, I still hold quiet and mysterious sides that are known by a handful of people and many others deem to discover. I am gifted with keen eyes that see things from unusual perspectives, and aided my teams well throughout my academic and working years.
