

ABOUT ME

Since I was young, I like everything about creativity and design. Especially Architecture and Graphic Design. I love to create a one-of-a-kind, one and only unique. I am willing to learn new things. I am curious and am constantly learning. I spend 2 hours a day on my personal learning. I have learned basic Mandarin by myself. If I can't do something, I will try to learn that. Until successfully. I've found that I enjoy working in a challenging environment.
