Address	190/2, Moo 6, Bo phut District Koh Samui, Suratthani, Thailand
Telephone	+66 91 8241438
E-mail	pasun.design@gmail.com
Nationality	Thai

BACKGROUND

Most of my life, from childhood to pre-college. I grew up in a family where my parents were hotel staff on Koh Samui, thanks to the growing environment I was able to see and experience a variety of architecture, and most of architecture was designed by many famous architects. These things gradually formed into tastes, preferences, and became the inspiration of my works.

After attending a university in the Faculty of Architecture, I learned how to design and work. It also expands my world of architecture that I have seen in Samui. More and more methods and designs of architecture have made me try to develop my skills. While studying in the Faculty of Architecture and Design in addition to the work received from studying I focus on experimenting with Architectural Contests because I believe that running contests will allow me to practice my thinking and work skills, and also allow me to see a variety of other people's contests. work in class All in all, studying in the Faculty of Architecture allowed me to find my passion and it could be a career for me.
