ABOUT ME

I am a **BIM Architect** with 6 years' experience, skilled in **team building** and **team motivation** and **team training**. I'm a BIM manager from EDMA maxcon group (Thailand) and I also create my own studio for architectural design and do all BIM service from another bigger firms in Thailand. I'm a specialist for Autodesk Revit user with Revit Professional Certified. I love to help my team to create standard workflow to run the project faster and higher quality. I always research about new technology to work like "Automate documentation" in BIM to add more capacity in my team. Almost of my experience is about Deliver BIM model/drawing package, Set up BIM team , and coordinate and combine architect – structure – MEP from all party. I have a passion for work with outstanding architecture and make them into realistic.

EDUCATION.

2012–2017 Bachelor of Architecture in Architecture,
