## ABOUT ME

The project I was assigned, I attend to design the project to be perfect. I attended design in detail architecture and experiment with various designed formations for well-quality architecture. I am interested in learning more about art ,graphics or animation combined with architecture for new architecture.

I am curious and am constantly learning. I have a Growth Mindset. I always spend 3 - 4 hours a day developing my mindset and skills at my best. When I have my fault then I don't disappoint but I am going to learn and develop from my fault.
