

Ms. Linn Htet Htet Han

Career objective

I am willing to give total support the organization that I am in, with experience and capability that I have, in order to achieve organizations goals and create mutual benefits. I wish to work in a challenging environment where allows me to improve continually with my aspirations. I am looking forward to be exposed to diverse cultures in cooperating and working with different people. And I also want to become a proficient and competent engineer with an opportunity to apply my skills and knowledge in engineering fields and to achieve responsible and challenging career.
