---

## PROFESSIONAL SUMMARY

---

Civil Engineer with ability to learn new procedures quickly, intention and passion to work in field of structural engineering and civil engineering.

---

## EDUCATION

---

- Faculty of Engineering, Chulalongkorn University** (Bangkok, Thailand) 2016-2020
- B. Eng., Civil Engineering, GPAX : 2.87
- Suankularb Wittayalai School** (Bangkok, Thailand) 2013-2016
- Major of Science and Mathematics (Gifted Science Program), GPAX : 3.73

---

## EXPERIENCE AND RELEVANT PROJECT

---

**Assessing rainfall uncertainty impacts on drought** (senior project) 2019-2020  
Analyzed rainwater to modified analysis method of Standardized Precipitation Index (SPI) which used in drought studies, compared with traditional method. For an easier data analysis and ability to get more accurate results from the actual situation.

**Internship in TechnipFMC** 2019  
Internship in Offshore Structural department, help analyzed and designed the structure of the oil and natural gas drilling platform, from the beginning of the installation of the structure to the transportation to install in the sea by using SACs program.

**Civil Engineer in Italian Thai Development Company** 2020-Present  
Working in Technical department at site of Flood Way Canal Bang Ban-Bang Sai, Package2, designing both temporary and permanent structure to support construction and method statement of this project, from the beginning of surveying for the construction area to clear the shop drawing for construction and planning the schedule of construction project.

---

## STUDENT LIFE AND VOLUNTEERISM

---

**CU-TU Football 74<sup>th</sup>-Stage Organizer, Chulalongkorn University** 2020  
Organized the lights and sound  
Communicated with performance and grandstand section.

**CU Open house of Faculty of Engineering-Event staff, Chulalongkorn University** 2019  
Planned and organized the event with teams.  
Provided information for high-school student who interested in entering in faculty of engineering.

**Fundamental Engineering Camp 10<sup>th</sup>-Head of house staff, Chulalongkorn University** 2017  
Planned and organized activities for high-school students attending the camp.  
Communicated and supported any activities from academic department.

---

## OTHER RELEVANT INFORMATION

---

**Languages:** Thai (Native), English (Intermediate)

**License:** Engineering License, Driving License

**Computer Skills:** Microsoft Office, AutoCAD, Prota Structure, SAP2000, SACs, Civil 3D, ARCHICAD, KUslope
