RGA STUDIO PROJECT [2017]

THE CRAM HOUSE

The Hostel project is located in shophouse area of Bang Sue district of Bangkok, Thailand. There is renovated in 2,000 sq.m. of 4 blocks and a 4 storey shophouse. The owner need to design the hostel which combine functions between a coffee shop, a rooftop bar and a hostel.

The concept is 'Stay at Home'. The main ideas are relaxation, warmth and comfort. So, there are the green-blue tones in this design. And designed gable roof forms for facade building.

NATAI BEACH RESORT

04 @ PHANG NGA, THAILAND

RGA STUDIO PROJECT [2017]

NATAI BEACH RESORT

Natai beach is one of beautiful beaches of Phang-nga province, Thailand. This site isn't located on the beach. So, the concept of design is the pool access villa which is located on the sea.

Customers can access to the pool from balcony. The main pool will be flowed to all areas of villa zone for make the sea vibe on site.

FINECO CITY PROJECT

05 @ SAVANNAKHET, LAOS

RGA STUDIO PROJECT [2018]

FINECO CITY

Savannakhet is a new special economic zone of Laos. The Chinese businessman groups need to invaset and invent the completely ultramodern city.

There are a lot of functions in this project such as community mall, office building, condominium and luxury hotel.

RGA STUDIO PROJECT [2019]

VANG VIENG RESORT

The owner would like to bring the traditional style of Lanna to design this project.

The functions all include a lobby, main restaurant, main pool, there are 9 buildings of guestroom type which are designed 27 rooms per building. Moreover, there are 150 units of the villa 2 bedroom and 350 units of villa 1 bedroom. Including, the sub-facilities in the villa area zone also.

Vang vieng is the perfectly natural land and this site is surrounded by a lot of mountains. So, the design which is emphasized about the nature beauty around the buildings is the main of the theme. People can take the view wherever they are in this resort.

RGA STUDIO PROJECT [2018]

BOTANICAL RESIDENCE

The site is located in Phuket but there is not the seascape, it's so far from nature.

However, it is surrounded by the mountains. So, the user can take the good views from this land. And the owner needs to infiltrate all of spaces by nature to emphasize landscape increasing even in small areas. This residence was added relaxation areas in all functions by green spaces to be a place where they can escape from the city.
