75 RESIDENCE

Location Bangkok, Thailand
Area 1,000 sq.m.
User Owners

2-Storeys 1,000 sq.m. private residential house. Focusing on 'Open Court' in middle of the house creating space to be shared in family during the day and also provide light and good ventilation to the house.

03 NOK RESIDENCE

Location Bangkok, Thailand
Area 300 sq.m.
User Owners

Renovating house by design alternative facade and redesign layout of the house for serving owner's purpose.

04

Z RESIDENCE

Location Pattaya, Chonburi

2-Storeys with Villa house. Depending on owner's criteria. We decided to design in Tropical modern style and connect each one of the house with balcony and corridor. Also, create a space for guest whom can share the space with their friends.

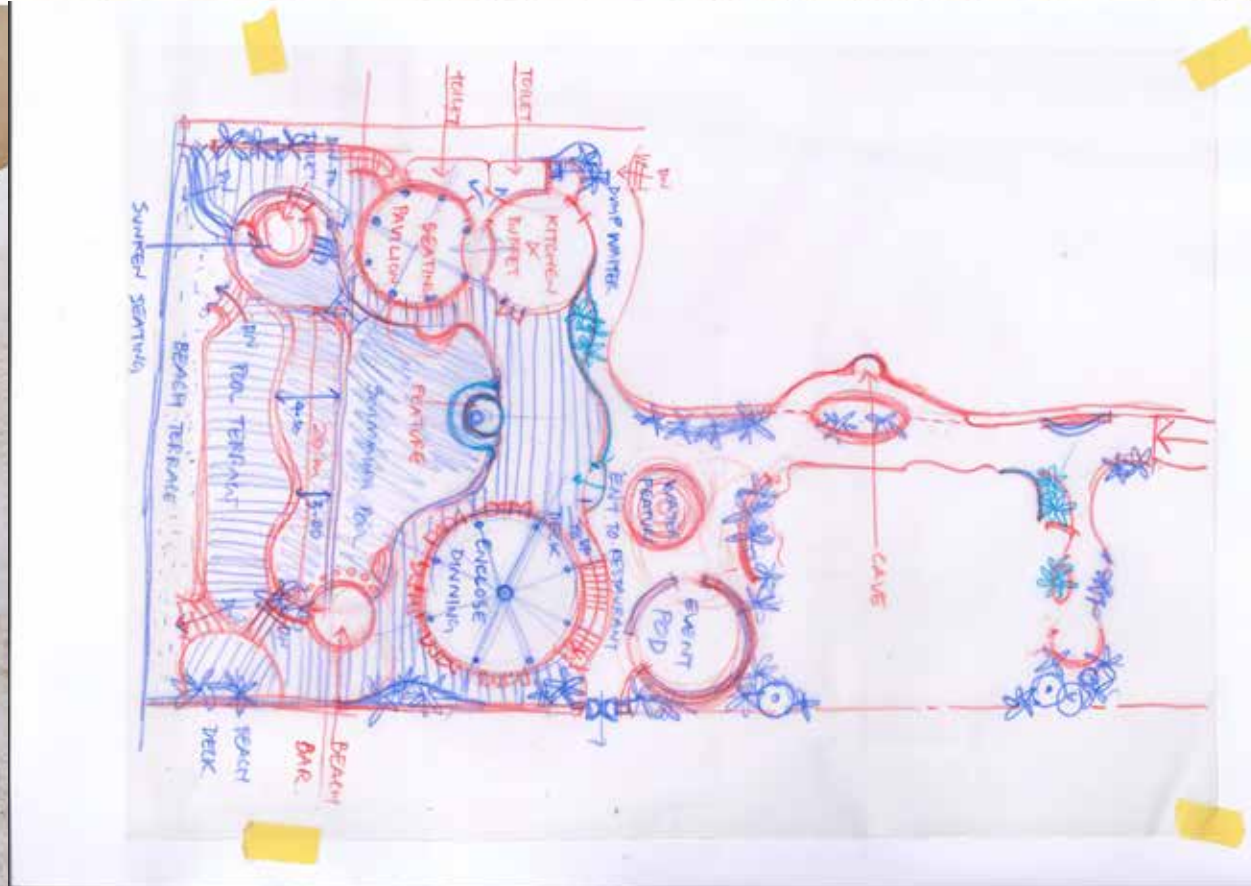

05 BANGSARAE

HOTEL AND RESORTS

Location Chonburi

White Sand, Wind Breeze, Sun and Moon is concept that reflects to this boutique resorts. We create a unique architecture form from exterior through movement of interior which make whole architecture express elegant ambience.

THE SAMRAE
WELLNESS COLLECTION

06 MALDIVES HOTEL

Location Male', Maldives

Old hotel to be renovated by design team from Thailand. We decided to create a new facade language not only for shading but also have Maldives heritage style with combination of Tropical architecture. Creating new beach bar is also challenging because we have to build a new iconic architecture to serve hotel guests and also from the outside beach.

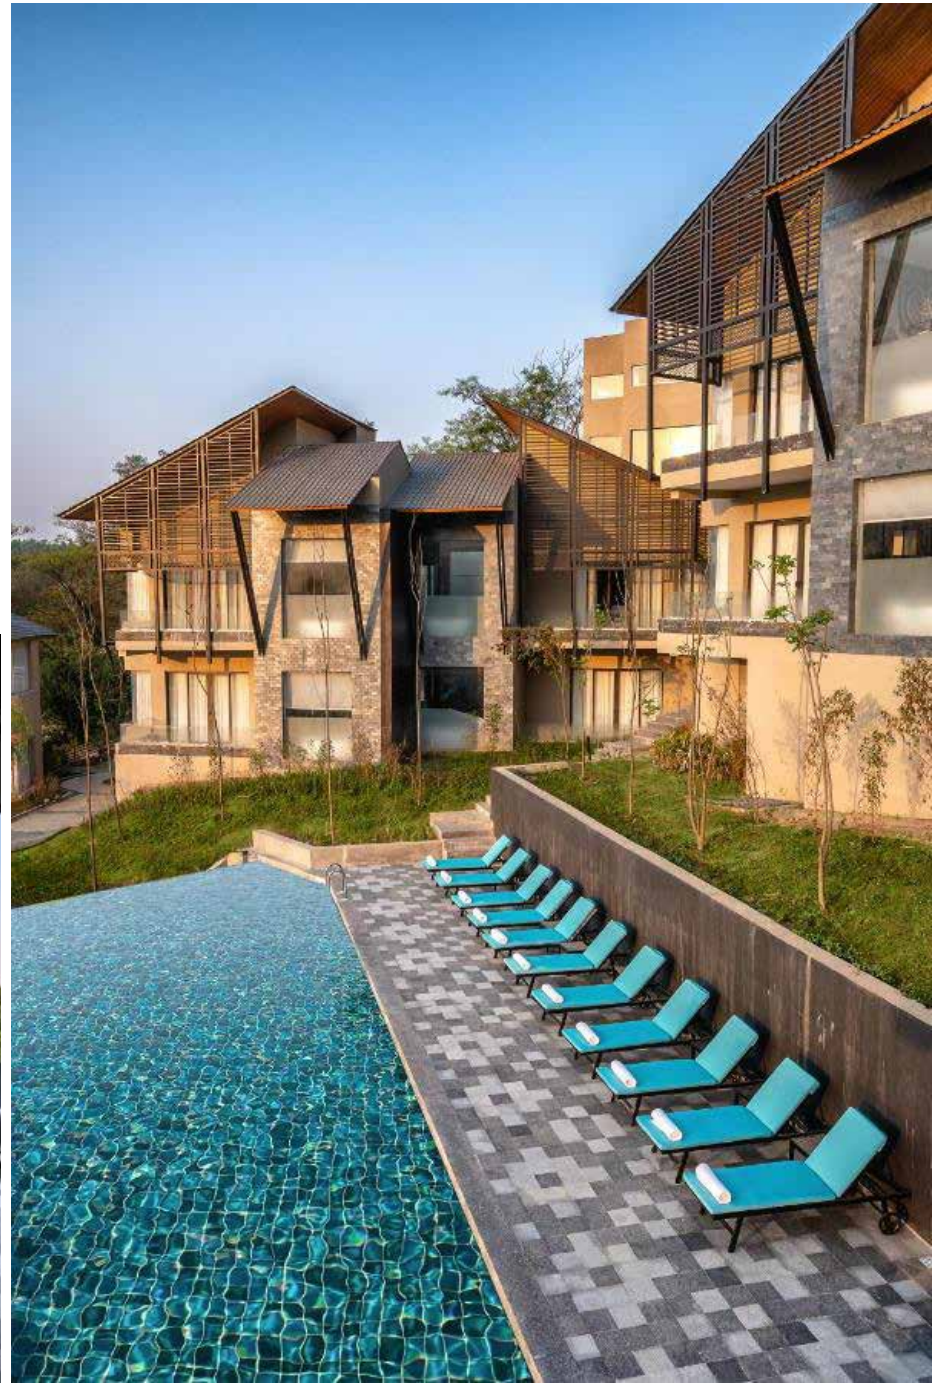

07 MONTANA RESORT

Location Dharamshala, India

The sublime view of Himalayas is the most important ingredient to create this resort in Daramshala. Simply design space where could take a full breath with the best service hotel.

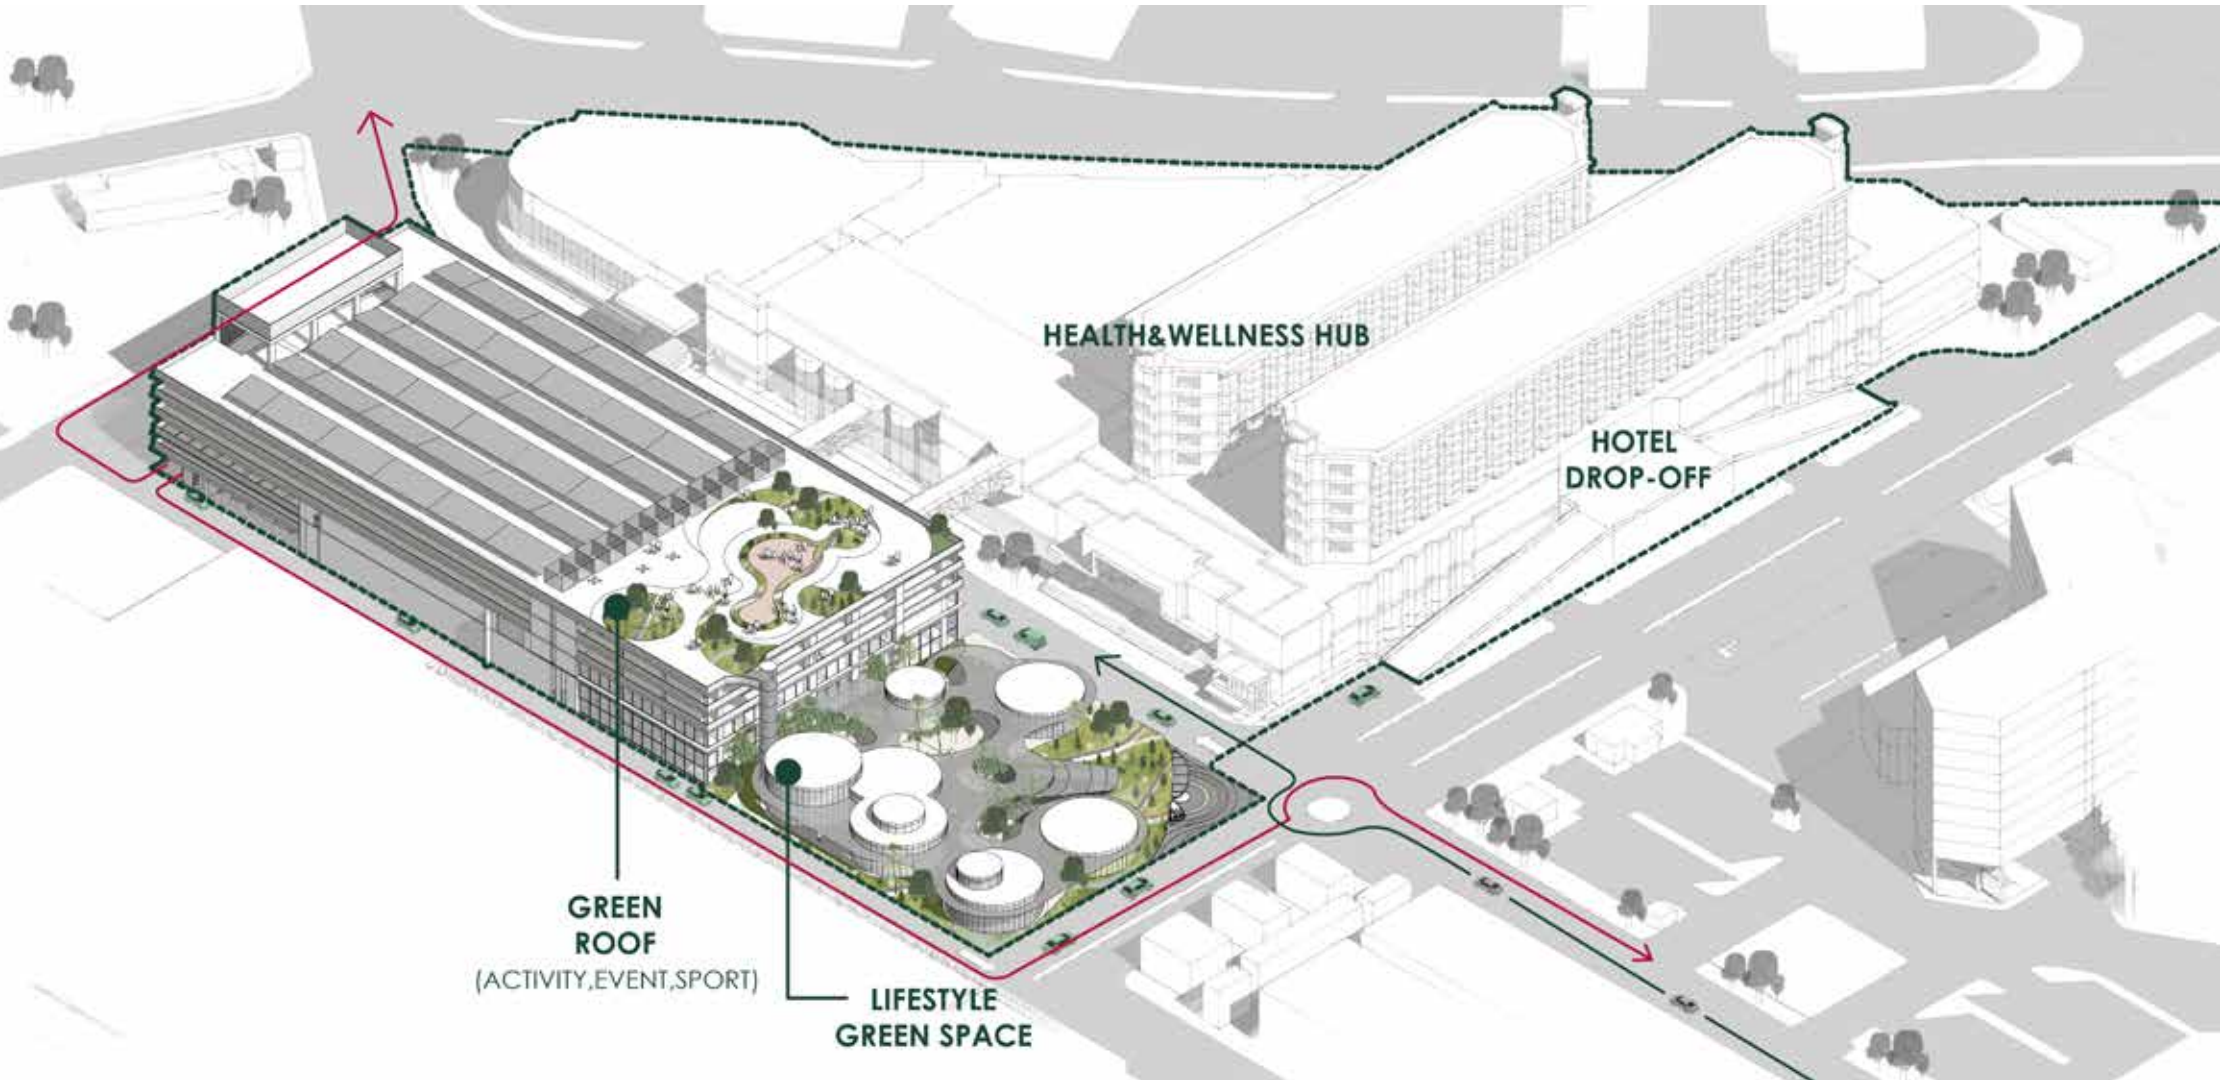

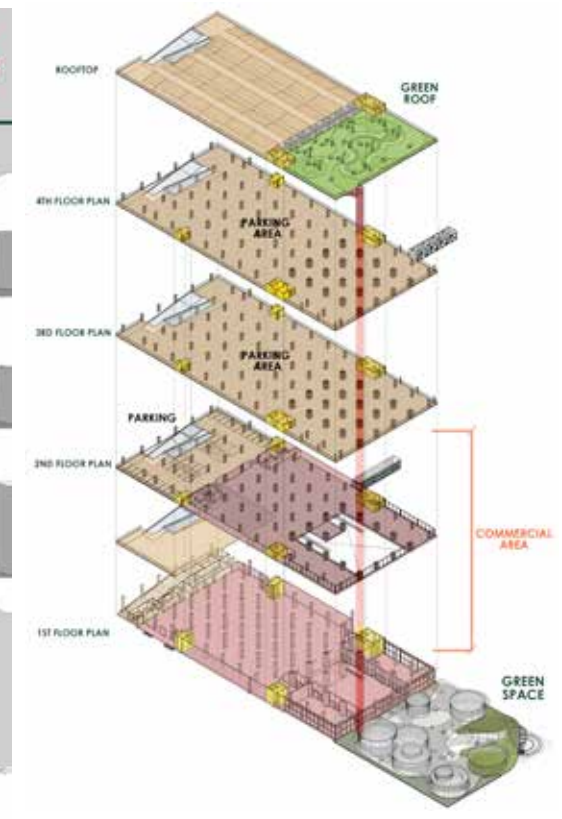

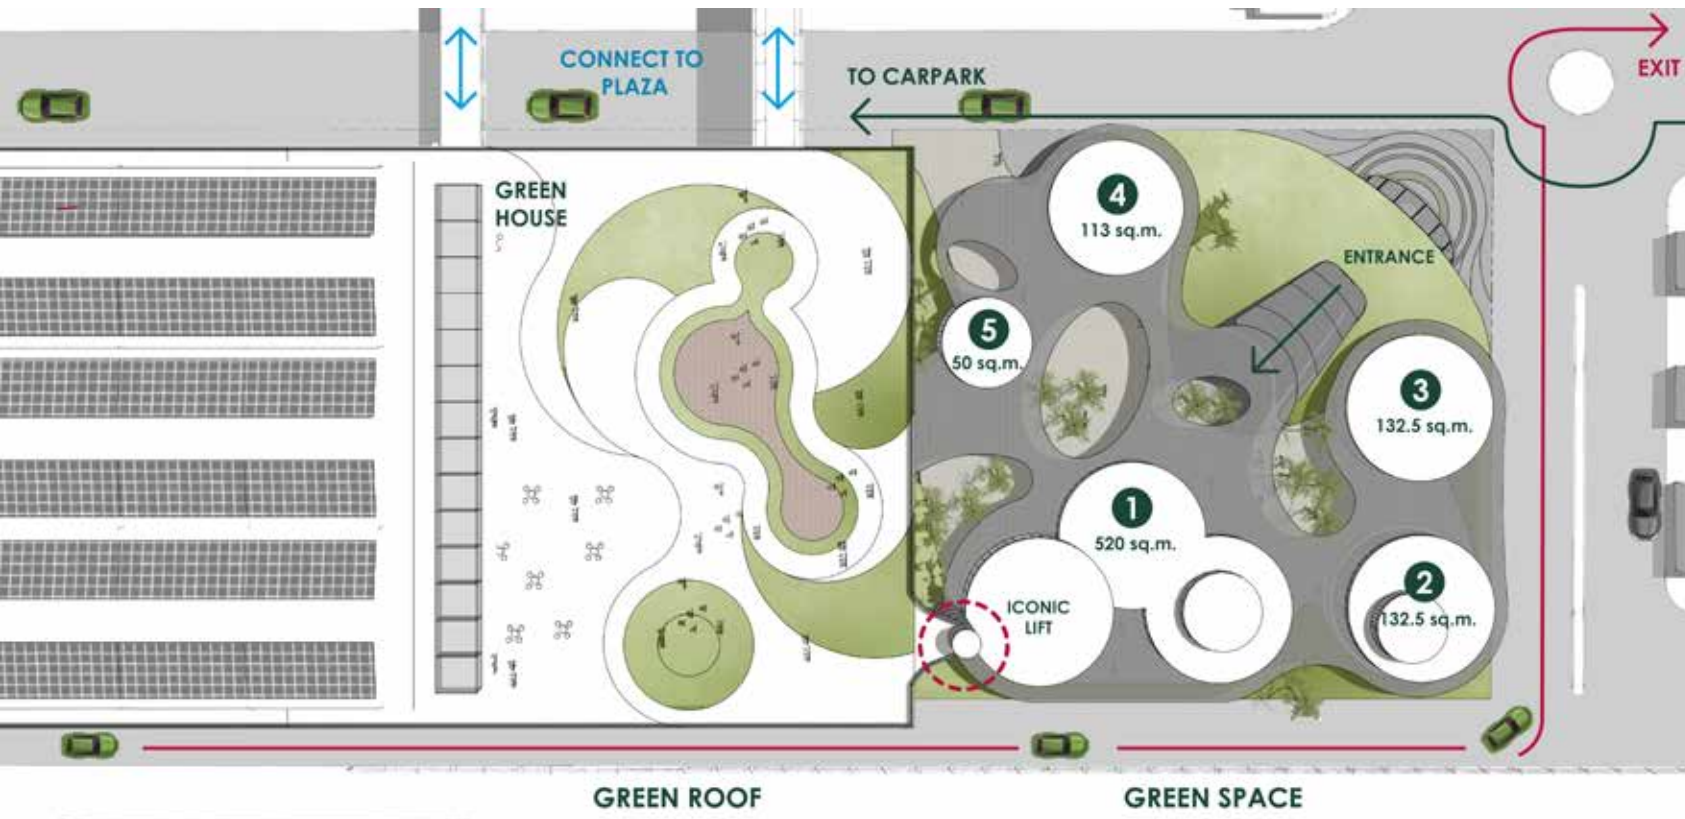

08 HEALTH COMPLEX AND HOTEL

Location Rayong, Thailand

Creating a new public space for community with green area and retail spaces connecting with Health and Wellness destination.

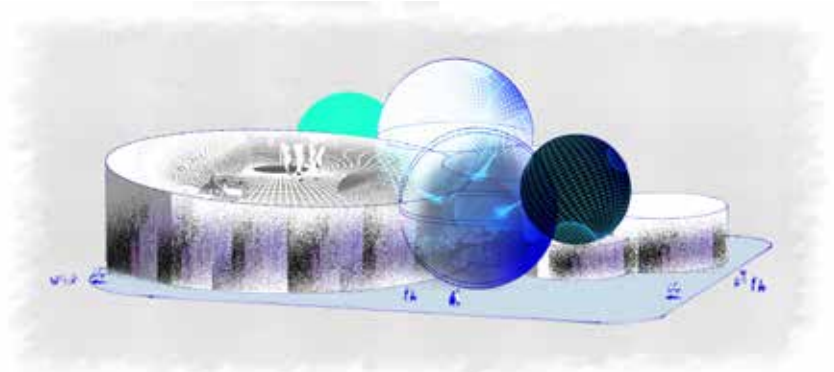

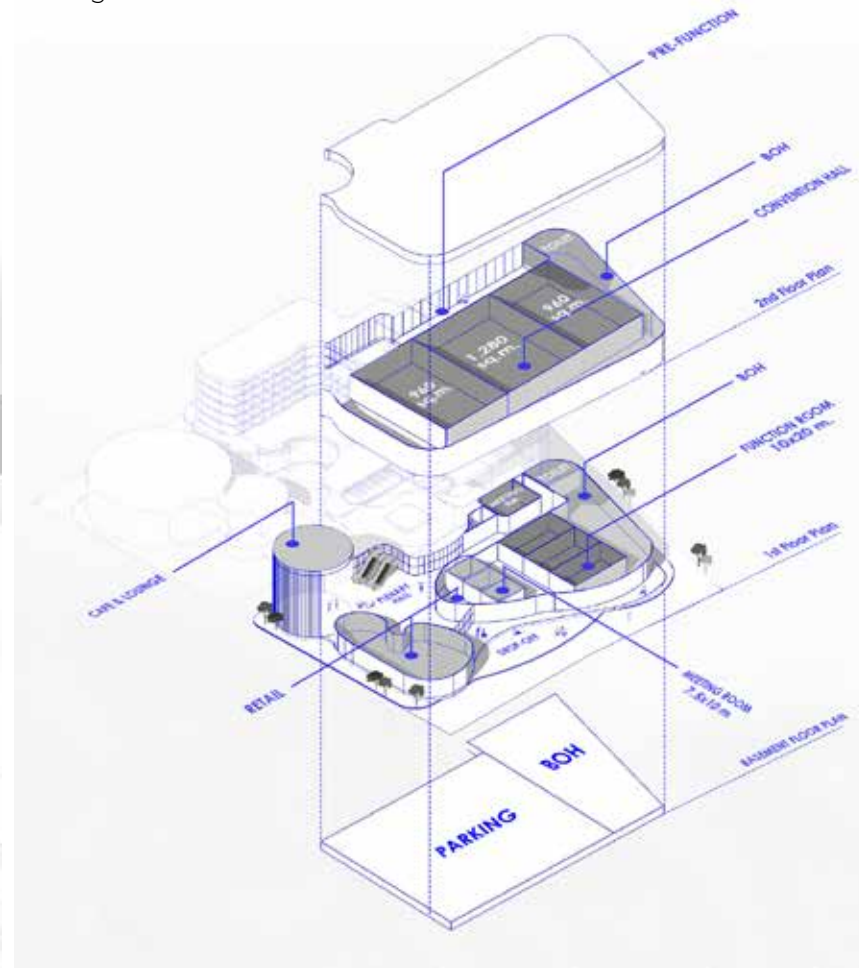

09 RAYONG HOTEL AND RESORTS

Modernized architectures combine with minimal forms and simplified geometry which made the resorts unique and also comfortable to spend your holiday. Materials represent a perception of sea and beach with Sand color cement and rustic woods.

10 CPN CONCEPT BUDGET HOTEL

Focusing on layout analysis and study probability of the project to be conference hall and budget hotel.
