# T-City

Gopeng, Ipoh, Malaysia  
2012

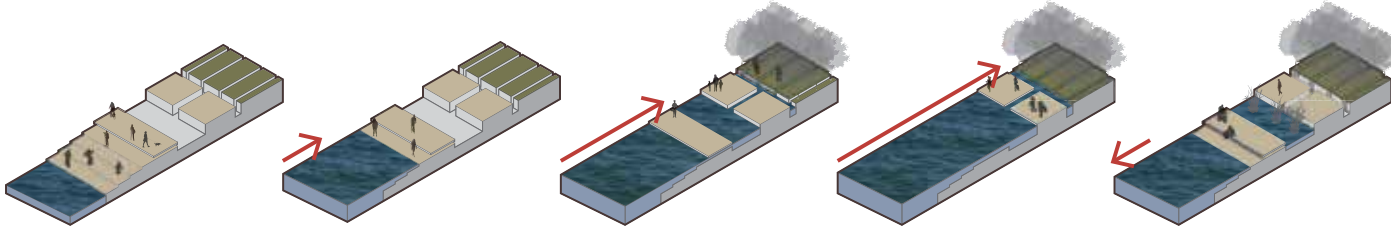

## *Master Plan Design*

*A large scale township project which revolves around motorsports. The core of the project is to revitalize a small "checkpoint" town called Ipoh, located halfway between two of Malaysia's major cities, Penang, and Kuala Lumpur.*

# Oasis Revival

Bangkrajao, Samut Prakarn, Thailand  
2016

## Conceptual Design

*Industrial cities all have their rise and fall, as well as several revivals from a devastating economic crisis. Bangkrajao area is no different when the 1998 economic crisis struck Thailand.*

*A revival plan would curate an alternate method for reviving a declined industrial city with their existing resources such as their local culture and landscape.*

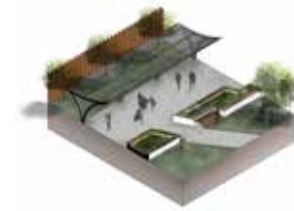

# One Phnom Penh

Beong Snor, Phnom Penh, Cambodia  
2018

## Master Plan Design

*Riverside township designed to be a new landmark of Phnom Penh in the near future. Centered around a circular plaza, multiple residential and commercial facilities radiates creating layers of activities around the central park area.*

# Ngwe Saung Beachfront Resort

Ngwe Saung, Myanmar  
2018

## *Master Plan Design*

*Beachfront resort designed to maximize the sunset view for all guests. Unobstructed axis were designed for a clear line of sight in all areas of the project.*

# KWG Educational Complex

Wang Noi, Ayutthaya, Thailand  
2017

## *Master Plan Design*

*Educational complex designed based on integration of undergraduate school, graduate school, and the supporting facilities including residential, commercial and leisure.*

2013

## Architectural / Interior Design

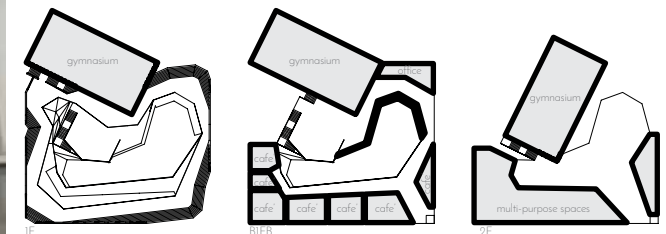

*A luxurious and secluded vacation spot with the close vicinity to Siem Reap's world heritage providing additional value for the customers.*

*Award: Cambodia Property Award 2017 (shortlisted)  
Best Residential Development (Siem Reap)  
Best Residential Interior Design*

# Revamped

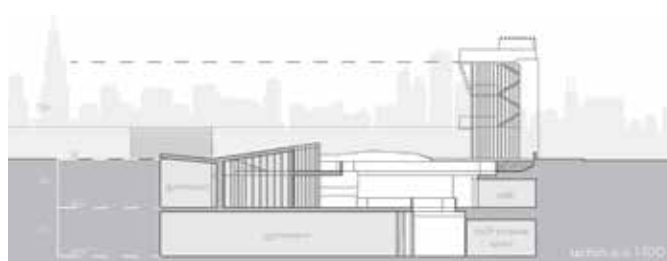

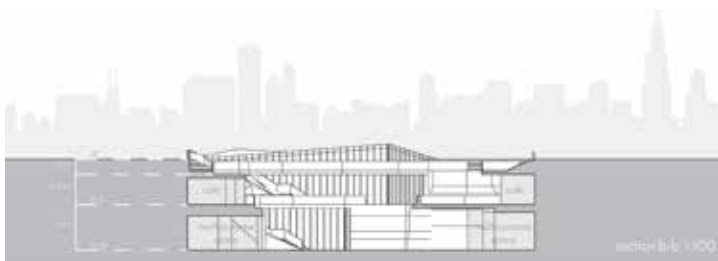

Shinjuku, Tokyo, Japan

2016

## Conceptual Design

*A definition of tourist is not exclusive for a foreigner traveling to anywhere else but home country, but also including the local habitants who travels to different parts of their own country for the sake of exploration. The project is aimed to create a vice versa situation, where instead of a new person in an existing environment, provision of new environment and experiences for the existing users.*

# Ennovie Jewelry Factory

Aom Noi, Nakhon Pathom  
2017

## *Architectural Design*

*Being a jewelry factory, the design was derived from the process of the stones. RAW - CUT - POLISHED stages were used to represent the facades of the architecture itself.*

# Western Digital Automatic Tester Units Building

Industrial Estate 304, Prachinburi  
2018

## *Architectural Design*

*A plant to hold automatic testing units. Designed to reduce workload from phase 1 where transportation of finished goods must be transported to and from both buildings with no complications.*
